Exploring Sea > Woodland Park Zoo

Woodland Park Zoo encompasses 92 acres and features 1,090 individual animals and nearly 300 species. The grounds are divided into bioclimatic zones, from tropical rain forests to the frigid climes of the Far North. The zoo manages the largest live animal collection in Washington state. The zoo provides a home for 35 endangered and five threatened animal species. The zoo's botanical collection includes 7,000 trees and more than 50,000 shrubs and herbs representing more than 1,000 species.

Ranked #2 out of 20 for Best Family Outing!
